1. Please write any comments about your discussion classes or your TA here.

30894. Daniel should be a professor.

30905. Daniel is extremely nice and very helpful. He is also available for help and is very understanding of everyone in the class having different expectations of what they want from the course. He is fairly approachable and good at explaining things, even if he has to think of a different way to present something because you didn't understand the first.
